

Kyrgyzstan Offroad Expedition

The expedition is held in picturesque high-altitude places of the Kyrgyz Republic, with the purpose of acquaintance with flora and fauna, as well as stunning views of untouched nature, high-mountain lakes, mountain forests, glaciers and alpine pastures. During the expedition we will visit near such famous places as Kyzyl-Asker peak 5800m, Dankova peak 5982m, which are on the border with China, also cross the Uzen-Gugush river, visit the Kel-Suu, Sonkul, Chatyrkul and Issyk-Kul lakes.

You will have an excellent opportunity to see and photograph such animals as the mountain sheep Marco Polo (listed in the red book), ibex, wolf, marmot, fox, eagle, griffin, perhaps even a snow leopard.

You will never forget this journey!

Full expedition, carried out on a fully prepared jeeps, crawler transporters and horses.
